WHOLESALE PRICE LIST

LINING OUT STOCK

Library
U.S. Dept. of Agriculture
Washington 25, D.C. 37

POSTMASTER: If addressee has moved and new address is known, notify sender on FORM 3547. In case of non-delivery for any reason, make reason known hereon and return to sender.

Return Postage Guaranteed

TERMS & CONDITIONS OF SALE

PRICES quoted herein cancel those in all previous lists, are subject to change without notice and are quoted to members of the trade only.

TERMS are 2% 10, net 30 days for those with established credit. All others cash with order for which we pack free of charge or 50% cash with order and balance plus packing charges C. O. D.

SHIPMENTS travel at the risk and cost of the purchaser and will be forwarded via railway express. Requests for parcel post shipment must be accompanied by sufficient postage (balance if any will be refunded). We can ship from a rural post office.

CLAIMS must be made in writing within 10 days of receipt of shipment. Inspect damaged or overdue containers at time of receipt and obtain report from the agent.

GUARANTEE: We shall willingly replace any stock that proves untrue to name but will in no case be liable for more than the original purchase price.

NOTICE: All stock is offered subject to prior sale. Orders will be accepted in order of receipt and only on condition that they may be voided due to crop failure, inclement weather, drought, fire, frost, strike, etc. We reserve the right to delay shipments to the best interest of the plants.

50 AT 100, 500 AT 1000 RATES

CONTRACT GROWING

If you have any special plants for propagating, we may be in a position to do it for you. Plants for grafting should be arranged for at least one year in advance to give us the opportunity to obtain the understocks. Plants for softwood cuttings should be arranged for prior to July and for hardwood cuttings prior to October.

We will be glad to have your inquiries.

TO THE TRADE

February, 1952

Dear friends,

Another new year with its Spring season is a welcome opportunity to meet again with old friends and to make new acquaintances.

This Spring will find us in a position to serve you with a greater variety of stock than we could offer in the past three years during and after our move from Westbury, N. Y. We invite you to inspect our list closely and of course your inquiries are always welcome. Visit us if you can, it will be our pleasure to show you around.

There are a number of items, quantities of which are too small to warrant listing which we will be pleased to show at your request. As before many items are in short supply and early orders are suggested for those who do not wish to be disappointed.

Your attention is particularly invited to our offering of hybrid Rhododendron, Azalea Mollis and Azalea Pontica from 3½" pots on page 6 & 7. It is all excellent A1 stock that can't help but please.

It would be our pleasure to serve you this spring season in anyway that we can. Please feel free to call on us.

Yours sincerely,

John Vermeulen & Son, Inc.

ROOT GRAFTS

Sturdy, healthy cions with at least two but mostly more buds grafted on strong roots. Graft and coin fully waxed For shipment when grafted in February or when calloused but not later than April 1-15. (S-single, D-double)

POT GRAFTS

Strong, full measure cion on understocks well established in 2½" rose pots. Ready May 1-15 and after.

ACER PALMATUM - Japanese Maple 10 100 1000

ATROPURPUREUM - Bloodleaf Red Maple
10-12" .90 .75 ..

BURGUNDYLACE - Laceleaf Jap. Red Maple. Striking burgundy-red foliage, gracefully lacinated. It is hardy, grows strong and has a fine habit.

8-12" 1.25 1.00 ..

ASHI-BENI - A fine red noted for hardiness and good habit. 10-12" .90 .75 ..

CORNUS - Dogwood

FLORIDA PLENA - Double White Dogwood. Extremely showy double white flowers, later and longer lasting.

10-12" .90 .75 ..

FLORIDA RUBRA - Pink Dogwood.

10-12" .75 .60 ..

KOUSA CHINENSIS - Oriental Dogwood. Ivory white flowers blooming in June, larger and whiter than kousa. Bushy habit and more tolerant. Very showy.

PINUS - Pine (For N. J. only)

CEMBRA - Swiss Stone Pine. 6-8" .75

STROBUS NANA - Dwarf White Pine
4-6" .75

STROBUS PYRAMIDALIS - Pyramidal White Pine
8-10" .75

VIBURNUM CARLESI - Fragrant Viburnum. Fragrant pink flower clusters that bloom as the foliage appears.

8-10" .75 .60 ..

THEIFERUM - Tea Viburnum. White flowers with purple calyx in June. The Autumn effect of orange-red fruits contrasting with red stems is very charming.

10-12" .75 .60 ..

SIEBOLDI - Siebold Viburnum. Creamy white flowers in May or June. Large, lustrous dark green foliage. Pink fruits change to black.

10-12" .75 .60 ..

WISTERIA FLORIBUNDA - Japanese Wisteria

Root graft established in 2½" pot .35 .30 ..

ALBA - White

PRAECOX (Issai) - Blue

ROSEA - Pink

ROYAL PURPLE - Violet purple

VIOLACEA PLENA - Dble violet

ROOTED CUTTINGS

Strong, full measure cuttings hormone treated for abundant pliable roots that allow safe shipping and planting and sure stands.

10 100 1000

ILEX CRENATA - Japanese Holly

SELECTED STRAINS 4-6" .11 .08 ..

GRANDIFOLIA - Bigleaf Yew			
ROBUSTA - Obelisk Yew			
STRICTA - Narrowbush Yew			
VERIDIS - Grassgreen Yew			

AZALEA HYBRID Grafts and Layers

NO

3½ INCH POT BALL

Here are azaleas that classify a nurseryman "as one who has something different". You can count on these excellent hybrids to keep old customers coming and draw new ones in.

They are chosen for fine color and extra hardiness. Rehder lists them as hardy in Zone V (Mass., So. N. Y., Pa. & Ohio) and south. With the azaleas as with the rhod. our exporter sent us extra fine stock of 1 year grafts and layers which were potted into 3½" clay pots in Jan. When ready in May they will be well furnished with a good pot ball and in new growth to the sizes indicated.

EVERY PLANT -- A GROWING PLANT!

MOLLIS - Profusion of large trumpet like flowers 2-2½" across that bloom before the foliage appears. Foliage is bright green turning to gorgeous Fall colors of bronze and red.

ALPHONSE LAVALLEE - Orange, 10-15"

DR. REICHENBACH - Salmon-orange, 8-12"

HORT H. WITTE - Orange-yellow, 8-10"

T. J. SEIDEL - Salmon-orange, 12-15"

W. E. GUMBLETON - Yellow, 8-10"

PONTICA - HARDY GHENT - Abundance of funnel like flowers with funnels to 2" across and tubes ½-1" long that bloom before foliage appears. Foliage is dark green and turns beautiful Fall colors.

BOUQUET DE FLORE - Deep pink, 10-15"

COCCINEA SPECIOSA - Orange-red, 10-15"

DAVIESI - White, 10-15"

GLORIA MUNDI - Orange, 8-12"

NANCY WATERER - Golden yellow, 8-12"

NARCISSIFLORA - Dble. sulphur yellow, 8-15"

PALLAS - Early red, 10-'5"

SANG DE GENTBRUGGE - Brilliant red, 10-15"

UNIQUE - Yellow, 10-15"

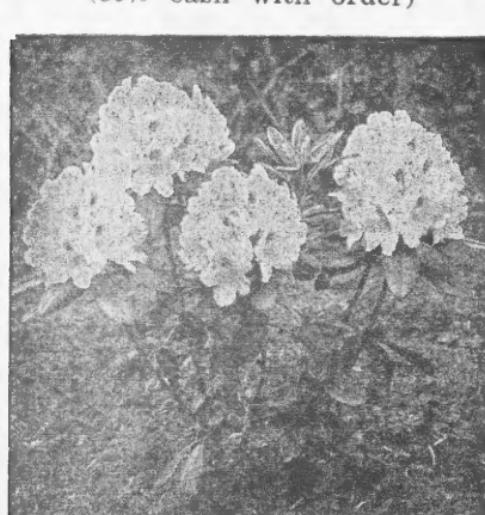

IGNAEA NOVA - Crimson-red, 10-12"

PRICES

per 10 \$13.50 per 50 \$62.50

(not more than 10 of a variety)

(50% cash with order)

RISK

RHODODENDRON Grafted Hybrids

3½ INCH POT BALL

The varieties offered below are among the best and are chosen for high color, habit and hardiness ratings. The varieties marked "*" are the least hardy and should not be planted above Central Jersey or West of the Appalachians without extra care.

Our exporter in Boskoop, Holland did very well by us and we have beautiful stock to offer. Plants were one year grafts when received in Jan. and were potted into 3½" clay pcts. When ready for sale in May they will have a well established pot ball, will be started in new growth and will measure as indicated below. You can't go wrong on these excellent liners.

EVERY PLANT -- A GROWING PLANT!

AMERICA - Excellent red, 8-15"

CARACTACUS - Crimson, bushy, 9-15"

CATAWBIENSE ALBA - Good white, 9-15"

DR. H. C. DRESSELHUIS - Tall red, 8-15"

DR. V. H. RUTGERS - fringed red, 9-15"

LADY CLERMONT - Rose-pink, 9-12"

LEE'S DARK PURPLE - Deep purple, 8-11"

***MRS. P. DEN OUDEN** - Red, strong grower and free bloomer, 9-12"

PROF. F. BETTEX - Fine red, 8-12"

ROSEUM ELEGANS - Rose-pink, 8-10"

***VAN DER HOOP** - Carmine-rose, strong grower, 10-15"

***VAN WEERDEN POELMAN** - Crimson, very strong grower, 10-15"

PRICES

per 10 \$17.50 per 50 \$81.25

per 100 \$150.00

(not more than 50 of a variety)

(50% cash with order)

CULTURE

SOIL - Acid, ph 5.0-6.0. Light, containing humus as well as leafmold, peatmoss or muck. Moist but well drained.

SHADE - Broadleaved evergreens require shade in Winter to prevent burning from sun or wind. Young plants also require shade during the summer.

PLANTING - Plant in beds for two years spaced 12' apart both ways. Do not plant too deep. Water well and mulch with hardwood leaves or peatmoss. Shade immediately. Keep moist.

NEW YEW FOR YOU

TAXUS MEDIA

TALL - NARROW - HARDY

SENTINALIS PILARIS PYRAMIDALS STRICTA

Developed to replace the difficult hibernica and for use where Juniper or Thuya are not adaptable or desired. Tested for hardiness, habit and appeal for many years. Available as liners for many years and now a limited quantity in finished sizes.

	each 1-4	each 5-10
* B&B 24-30"	6.50	6.25
* B&B 30-36"	7.50	7.25
* B&B 36-42"	8.50	8.25

PYRAMIDALIS - Pyramid Yew. Fast growing with vertical branches and striking dark foliage. A rich, showy full bushed pyramid 6yr XXX 12-18" per 10 \$12.50

ROBUSTA - Obelisk Yew. Similar to pyramidalis but with heavier branches and habit. Needles are larger and more glossy.

STRICTA - Narrowbush Yew. Short needles lend a compact effect. Vertical branches and narrow habit make a desirable plant.

VERIDIS - Grassgreen Yew. Year-around fresh green color. Strong sturdy growth of vertical branches in slender habit make it one of the best.

* Shipping at cost extra

FOLLOWING ONLY IN GRADES INDICATED BELOW

GRANDIFOLIA - Bigleaf Yew. Strong sturdy plant with long dark green needles. Rich and unusual.

6yr. XXX, 12-18" 1.35 1.25 ..

PILARIS - Pillar Yew. Unusually attractive with gracefully long and narrow needles on shorter verticle branches.

1yr. 2 1/4" pot .45 .35 ..

SENTINALIS - Sentinel Yew. The most unusual of all as well as the narrowest. Gracefully curved needles of dark green color on sturdy verticle branches plus dense, narrow habit give this new yew unusual attractiveness.

1yr. 2 1/4" pot .50 .40 ..
